September 24, 2025

Dear Local Official,

On behalf of the Maryland delegation of the [Local Government Advisory Committee](#) to the Chesapeake Executive Council (LGAC), we cordially invite you, a local leader, to join us on the *Wandering Maryland's Waterways* bus tour. A one-day learning opportunity bringing together local elected and appointed officials, and senior staff to explore stormwater infrastructure that protects, prepares, and pays off.

**When:** November 7, 2025 | 8:45 am - 3:15 pm

**Where:** Prince George's County

**Who:** Local elected/appointed officials and senior staff who are passionate about helping their communities.

**Cost: There is no cost to you.** The bus, meals, and site visits are provided through the generous support of the National Fish and Wildlife Foundation and the Chesapeake Bay Program.

**What:** One-day immersive peer-to-peer learning event, for up to 35 participants, to explore innovative projects, hear directly from experts and peers, and uncover strategies to tackle the toughest challenges facing local governments. Participants will walk away with actionable insights into practical solutions to flooding, creative funding models, and real-world success stories that demonstrate how addressing stormwater can strengthen both the environment and the economy. Don't miss this opportunity to connect with colleagues, exchange ideas, and help shape the future of Maryland's efforts to protect local waterways.

To RSVP, please complete this [form](#) or contact Rick Mittler, Local Government Projects Coordinator at [rmittler@allianceforthebay.org](mailto:rmittler@allianceforthebay.org) | 540-661-7497.

Sincerely,

Kelly Porter, Mayor Seat Pleasant
